Forward Looking Statements

This document contains “forward-looking statements” as defined in the Private Securities Litigation Reform Act of 1995. When Welltower uses words such as “may,” “will,” “intend,” “should,” “believe,” “expect,” “anticipate,” “project,” “pro forma,” “estimate” or similar expressions that do not relate solely to historical matters, Welltower is making forward-looking statements. Forward-looking statements are not guarantees of future performance and involve risks and uncertainties that may cause Welltower’s actual results to differ materially from Welltower’s expectations discussed in the forward-looking statements. This may be a result of various factors, including, but not limited to: the duration and scope of the COVID-19 pandemic; the impact of the COVID-19 pandemic on occupancy rates and on the operations of Welltower and its operators/tenants; actions governments take in response to the COVID-19 pandemic, including the introduction of public health measures and other regulations affecting Welltower’s properties and the operations of Welltower and its operators/tenants; the effects of health and safety measures adopted by Welltower and its operators/tenants related to the COVID-19 pandemic; the impact of the COVID-19 pandemic on the business and financial condition of operators/tenants; increased operational costs as a result of health and safety measures related to COVID-19; the impact of the COVID-19 pandemic on the business and financial condition of operators/tenants and their ability to make payments to Welltower; disruptions to Welltower’s property acquisition and disposition activity due to economic uncertainty caused by COVID-19; general economic uncertainty in key markets as a result of the COVID-19 pandemic and a worsening of global economic conditions or low levels of economic growth; the status of capital markets, including availability and cost of capital; uncertainty from the expected discontinuance of LIBOR and the transition to any other interest rate benchmark; issues facing the health care industry, including compliance with, and changes to, regulations and payment policies, responding to government investigations and punitive settlements and operators’/tenants’ difficulty in cost effectively obtaining and maintaining adequate liability and other insurance; changes in financing terms; competition within the health care and seniors housing industries; negative developments in the operating results or financial condition of operators/tenants, including, but not limited to, their ability to pay rent and repay loans; Welltower’s ability to transition or sell properties with profitable results; the failure to make new investments or acquisitions as and when anticipated; natural disasters and other acts of God affecting Welltower’s properties; Welltower’s ability to re-lease space at similar rates as vacancies occur; Welltower’s ability to timely reinvest sale proceeds at similar rates to assets sold; operator/tenant or joint venture partner bankruptcies or insolvencies; the cooperation of joint venture partners; government regulations affecting Medicare and Medicaid reimbursement rates and operational requirements; liability or contract claims by or against operators/tenants; unanticipated difficulties and/or expenditures relating to future investments or acquisitions; environmental laws affecting Welltower’s properties; changes in rules or practices governing Welltower’s financial reporting; the movement of U.S. and foreign currency exchange rates; Welltower’s ability to maintain Welltower’s qualification as a REIT; key management personnel recruitment and retention; and other risks described in Welltower’s reports filed from time to time with the SEC. Finally, Welltower undertakes no obligation to update or revise publicly any forward-looking statements, whether because of new information, future events or otherwise, or to update the reasons why actual results could differ from those projected in any forward-looking statements.

Highlights Since 2Q Earnings Release on August 5, 2020

Seniors Housing Operating (SHO) Portfolio Update

- Total SHO portfolio occupancy declined approximately 50bps during August to 78.9% as of August 28, 2020

Recent Disposition Activity

- In August 2020, we completed approximately \$400 million of pro rata property sales. Highlights include:
 - Four wholly-owned private hospitals in the United Kingdom for \$334 million at a yield of 6.2%
 - One outpatient medical (OM) property for \$48 million related to the previously announced Kayne Anderson transaction
- Remaining held for sale assets expected to be closed in the third and fourth quarter of 2020

Liquidity Update

- As of August 31, 2020, near-term liquidity stood at \$4.3 billion following completion of recent dispositions. Current cash and cash equivalents total \$1.3 billion; revolving credit facility is undrawn with capacity of \$3.0 billion
- Since July 1, 2020, extinguished \$740 million of secured and unsecured debt

96% of Properties Have Zero Reported Cases⁽¹⁾

Properties with:

- 0 cases : 552
- 1-2 cases : 17
- 3+ cases : 5

COVID-19 Impact

- **95% of communities are currently accepting new residents**, consistent with July 31, 2020 and compares to 78% on June 29, 2020
- **90% decline in trailing two-week COVID case count** since peak in early-May 2020
- **96% of communities have zero reported COVID cases** on a TTW basis

Operator Response

- Elevated cleaning and social distancing protocols remain in place to protect residents and staff
- Stringent move in and visitation procedures have been implemented to safeguard communities
- In virtually all cases, new residents are tested for COVID-19 prior to move in and self-quarantined for 14 days

1. As of August 28, 2020

SHO Portfolio | Potential Future Impact from COVID-19

Assumptions Unchanged Since Previous Update on August 5, 2020

Revenues

- We anticipate SHO portfolio spot occupancy to end the third quarter approximately 125 – 175bps lower than June 30, 2020, as move out activity is expected to continue to outpace move ins
- Year-over-year occupancy declines in 3Q20 expected to be more pronounced than in 2Q20 given seasonal trends
- SS REVPOR⁽¹⁾ growth is expected to be flat-to-down modestly through 3Q20 as compared to 2Q20

Expenses

- We anticipate total SHO portfolio expenses during 3Q20 to be approximately flat with 2Q20, with lower COVID-related labor costs offset by community reopening costs, higher insurance expense, and seasonal utility costs

NOI Margins

- We anticipate SHO portfolio NOI margins to remain well below historical average in upcoming quarters resulting from expected occupancy loss and elevated expenses

\$500 million of 2.7% senior unsecured notes due 2027

Use of Proceeds

Eligible projects comprise:

- Those funded by Welltower within 24 months prior to date of Green Bond issuance
- Green projects acquired or developed post issuance

Green Buildings

Water Efficiency

Energy Efficiency

Management of Proceeds

- Welltower's Accounting Department will establish a Green Bond Register to record allocation of net proceeds of Green Bond to eligible projects
- An external auditor will verify proceeds allocated and remaining balance annually

Process for Evaluation

- Eligible green projects for Green Bond allocation will be evaluated and selected by members of Welltower's Green Bond Committee, based on criteria set out in the framework
- The Green Bond Committee consists of members of Welltower's sustainability, capital markets, investments and treasury functions

Reporting & Review

Reporting will consist of information such as:

- A list of eligible projects funded
- Total amount of proceeds allocated
- Balance of unallocated proceeds

Elements of Welltower's Green Bond Framework review include:

- Opinion by a recognized second party provider published on Welltower's and the opinion provider's websites
- Upon full allocation, an independent party will verify allocation of net proceeds to Eligible Projects. Verification will be published on Welltower's website and/or the Sustainability report

Supplemental Financial Measures

Non-GAAP Financial Measures

We believe that revenues, net income and net income attributable to common stockholders ("NICS"), as defined by U.S. generally accepted accounting principles ("U.S. GAAP"), are the most appropriate earnings measurements. However, we consider Net Operating Income ("NOI"), In-Place NOI ("IPNOI"), Same Store NOI ("SSNOI"), Revenues per Occupied Room ("REVPOR") and Same Store REVPOR ("SS REVPOR") to be useful supplemental measures of our operating performance. The supplemental measures are disclosed on our pro rata ownership basis.

Pro rata amounts are derived by reducing consolidated amounts for minority partners' noncontrolling ownership interests and adding our minority ownership share of unconsolidated amounts. We do not control unconsolidated investments. While we consider pro rata disclosures useful, they may not accurately depict the legal and economic implications of our joint venture arrangements and should be used with caution.

Our supplemental reporting measures and similarly entitled financial measures are widely used by investors, equity and debt analysts and rating agencies in the valuation, comparison, rating and investment recommendations of companies. Our management uses these financial measures to facilitate internal and external comparisons to historical operating results and in making operating decisions. Additionally, these measures are utilized by the Board of Directors to evaluate management.

None of the supplemental reporting measures represent net income or cash flow provided from operating activities as determined in accordance with U.S. GAAP and should not be considered as alternative measures of profitability or liquidity. Finally, the supplemental reporting measures, as defined by us, may not be comparable to similarly entitled items reported by other real estate investment trusts or other companies. Multi-period amounts may not equal the sum of the individual quarterly amounts due to rounding.

NOI, IPNOI, SSNOI, REVPOR & SS REVPOR

We define NOI as total revenues, including tenant reimbursements, less property operating expenses. Property operating expenses represent costs associated with managing, maintaining and servicing tenants for our properties. These expenses include, but are not limited to, property-related payroll and benefits, property management fees paid to operators, marketing, housekeeping, food service, maintenance, utilities, property taxes and insurance. General and administrative expenses represent costs unrelated to property operations and transaction costs. These expenses include, but are not limited to, payroll and benefits, professional services, office expenses and depreciation of corporate fixed assets.

IPNOI represents NOI excluding interest income, other income and non-IPNOI and adjusted for timing of current quarter portfolio changes such as acquisitions, development conversions, segment transitions, dispositions and investments held for sale.

SSNOI is used to evaluate the operating performance of our properties under a consistent population which eliminates changes in the composition of our portfolio. As used herein, same store is generally defined as those revenue-generating properties in the portfolio for the relevant year-over-year reporting periods. Land parcels, loans, and sub-leases as well as any properties acquired, developed/redeveloped (including major refurbishments where 20% or more of units are simultaneously taken out of commission for 30 days or more), sold or classified as held for sale during that period are excluded from the same store amounts. Properties undergoing operator transitions and/or segment transitions (except triple-net to seniors housing operating with the same operator) are also excluded from the same store amounts. Normalizers include adjustments that in management's opinion are appropriate in considering SSNOI, a supplemental, non-GAAP performance measure. None of these adjustments, which may increase or decrease SSNOI, are reflected in our financial statements prepared in accordance with U.S. GAAP. Significant normalizers (defined as any that individually exceed 0.50% of SSNOI growth per property type) are separately disclosed and explained.

REVPOR represents the average revenues generated per occupied room per month at our seniors housing operating properties. It is calculated as our pro rata version of total resident fees and services revenues from the income statement divided by average monthly occupied room days. SS REVPOR is used to evaluate the REVPOR performance of our properties under a consistent population which eliminates changes in the composition of our portfolio. It is based on the same pool of properties used for SSNOI and includes any revenue normalizations used for SSNOI. We use REVPOR and SS REVPOR to evaluate the revenue-generating capacity and profit potential of its seniors housing operating portfolio independent of fluctuating occupancy rates. They are also used in comparison against industry and competitor statistics, if known, to evaluate the quality of our seniors housing operating portfolio.

We believe NOI, IPNOI, SSNOI, REVPOR and SS REVPOR provide investors relevant and useful information because they measure the operating performance of our properties at the property level on an unleveraged basis. We use these metrics to make decisions about resource allocations and to assess the property level performance of our properties.
